

Log wood in shavings

Product Identification

Product name	Log wood in shavings
Product Code	PS-NA0110
Use of the Substance/Preparation	Artists and Restoration Material

Hazards Identification

Hazard designation	No labelling required
--------------------	-----------------------

Composition Information

Chemical Characterization	Natural logwood
---------------------------	-----------------

First Aid

eye contact	Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Cold water may be used. Get medical attention if irritation occurs
skin contact	Wash with soap and water. Cover the irritated skin with an emollient. Get medical attention if irritation develops. Cold water may be used
Serious Skin Contact	Not available
Inhalation	If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention
Serious Inhalation	Not available
ingestion	Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately. Loosen tight clothing such as a collar, tie, belt or waistband
Serious Ingestion	Not available

Fire Fighting Measure

Suitable extinguishing media

Use extinguishing media for surrounding fire

Special hazards

Do not inhale fumes

Accidental Release Measure

Leaks and Spills

Avoid creating dust. Vacuum/shovel up and transfer into a drum for reuse or disposal. Do not allow product to enter sewers or waterways. Wear protective clothing during cleanup.

Handling and Storage

handling procedures

Avoid formation and deposition of dust. Provide adequate ventilation

storage needs

Store in a cool and dry place

Storage class (VCI)

11, Combustible solids

Exposure Controls/Personal Protection

ventilation requirements

Local ventilation may be required during certain operations to maintain concentrations below recommended exposure limits

Components with workplace control parameters

MAC-Value (fine dust): 4 mg/m³

eye/type

Tightly fitting safety goggles

respiratory/type

nuisance dust respirator

gloves/ type

Wear protective gloves.

clothing/type

No special protective clothing is required

Physical and Chemical Properties

Form

fibres

Color

reddish brown

Odor

violet-like

Stability and Reactivity

Thermal decomposition/Conditions to be avoided

Stable when used according to specifications

Toxicological Information

Further toxicological effects

No toxicological data available

Ecological Information

Further ecological effects

Natural product. Environmentally not hazardous

Disposal Considerations

waste disposal

Dispose in a suitable waste treatment facility in compliance with all federal, provincial and local regulations

Transport Information

Non-hazardous product according to transportation regulations

Regulation Information

Designation according to EC guidelines

The material is not subject to classification according to EC lists

Other Information

Disclaimer
