

Genuine cochineal

Product Identification

| | |
|----------------------------------|----------------------------------|
| Product name | Genuine cochineal |
| Product Code | PS-NA0500 |
| Use of the Substance/Preparation | Artists and Restoration Material |

Hazards Identification

Designation according to EC Regulation

No. 1272/2008

GHS Classification

This product does not require classification and labelling as hazardous according to CLP/GHS

Designation according to EC Regulation

No. 67/548 or No. 1999/45

Hazard designation

The material is not subject to classification according to EC lists

Composition Information

| | |
|---------------------------|----------------------------------|
| Chemical Characterization | Coccus Cacti, C.I. Natural Red 4 |
|---------------------------|----------------------------------|

First Aid

| | |
|--------------------|--------------------------------|
| After inhalation | No special measures required |
| After skin contact | Wash off with warm water |
| After eye contact | Rinse eyes with lukewarm water |
| After ingestion | No special measures required |

Fire Fighting Measure

| | |
|------------------------------|--|
| Suitable extinguishing media | Use extinguishing media for surrounding fire |
| Special hazards | No special hazards |
| Protective equipment | No special measures required |

Accidental Release Measure

| | |
|----------------------------------|--|
| Leaks and Spills | Avoid creating dust. Vacuum/shovel up and transfer into a drum for reuse or disposal. Do not allow product to enter sewers or waterways. Wear protective clothing during cleanup |
| Environmental precautions | No special measures required. |

Handling and Storage

| | |
|---|--|
| handling procedures | Avoid formation and deposition of dust. Provide adequate ventilation |
| storage needs | Store in a cool and dry place |
| Information on fire and explosion protection | No special measures necessary |
| Storage class (VCI) | 10-13 |

Exposure Controls/Personal Protection

| | |
|------------------------------------|--|
| General protective measures | Do not inhale dust Do not eat, drink or smoke while working. Wash hands before breaks and at the end of work |
| Parameters to be controlled (DE) | ELV: 4 mg/m ³ general dust limit inhalable fraction |
| eye/type | Safety glasses |
| respiratory/type | Not required |
| gloves/ type | Not required |
| clothing/type | No special protective clothing is required |

Physical and Chemical Properties

| | |
|----------------------------|--------------------|
| Form | beads / shells |
| Color | silvery-white-pink |
| Odor | odorless |
| Solubility in water | insoluble |

Stability and Reactivity

| | |
|---|--------------------------|
| Reactivity | The product is stable |
| Chemical stability | The product is stable |
| Dangerous Reactions | No information available |
| Conditions to be avoided | No information available |
| Hazardous decomposition products | No information available |

Toxicological Information

| | |
|--------------------------------------|--------------------------|
| Further toxicological effects | The product is not toxic |
|--------------------------------------|--------------------------|

Ecological Information

| | |
|-----------------------------------|---------------------------------|
| Further ecological effects | No ecological problems expected |
| Water hazard class | 0 |

Disposal Considerations

| | |
|-----------------------|---|
| waste disposal | Dispose in a suitable waste treatment facility in compliance with all federal, provincial and local regulations |
|-----------------------|---|

Transport Information

Not classified as a dangerous good under transport regulations

Regulation Information

| | |
|-----------------------------------|--|
| Chemical safety assessment | A Chemical Safety Assessment is not necessary for this product |
| Water hazard class | 0, not hazardous |
